FIRE FOUND ON TWO ROOFS

Incipient Blazes Discovered at Homes of G. B. Cooper and Warren Hocker Just In Time

Detected in time, fires which threatened the homes of County Clerk George B. Cooper and Warren Hocker, were extinguished in time to prevent serious damage Saturday and Monday. A blaze was discovered in the roof of Mr. Cooper's home on Portman avenue about 9 o'clock Saturday morning. Mr. Cooper is having a bathroom built on the second floor and the disarrangement of the electric wires during the construction work is thought to have probably caused the blaze. The fire alarm brought out neighbors and the department in a hurry and the blaze was put out before it had gained much headway.

No alarm was turned in when the roof of Warren Hocker's cottage on West Main street was discovered on fire early Monday morning. Neighbors quickly went to the rescue and a few buckets of water did the work quickly here, also. A defective flue is thought to have probably been the cause of this incipient blaze. The damage in each case will be only a small amount.

Miss Jennie Hocker kindly sent the I. J. the following concerning the fire at her home. "Rose Cottage," the attractive home of Miss Jennie White Hocker, came near going up in flames Monday morning, but by the heroic management of her brother, J. Warren Hocker, Mr. Welch Rochester, Mr. Robert Bruce, and other kind friends, it was soon extinguished. Miss Jennie had at once the best galvanized metal roof in town put on her kitchenette, making it fire proof.

Members of the City Council have asked the I. J. to request all who have occasion to call for the fire department, to phone to Carter & Carter's stable where the fire fighting machinery is kept. Much time can be saved by phoning to the stable directly rather than to neighboring stores.

Never let your homes go unprotected when a policy with Jesse D. Wearen, the Insurance Man, of Stanford, always safeguards you. See him about it right now, before it's too late.

DEDICATED NEW CHURCH

Rev. M. D. Early, of the Stanford Baptist church, preached the dedicatory sermon for the new Baptist church at Stearns, McCleary county, which has just been completed by the congregation there. It is a most commodious and pretty little house of worship, and the membership is full of enthusiasm in the Master's work. Dr. Early gave the brethren one of his good old fashioned sermons, with the gospel straight from the shoulder and is said to have pleased everyone who heard him.

AUTO AGENTS ACTIVE

Considerable activity is manifested by local automobile agents and a number of sales are reported. W. W. Hays last week sold to J. A. Robinson, of the Danville Pike, a 6-cylinder Studebaker car. W. L. McCarty sold to Charles Wilhoit, cashier of the Bank of Moreland, a Dodge touring car. H. C. Carpenter has added the Oakland car to his list and is demonstrating a handsome touring car.

B. Fay Mills, the great evangelist, died Monday at Grand Rapids, Mich.

CARD FROM O. N. COOK

The I. J. has received the following from O. N. Cook, who has been mentioned several times in the Preachersville correspondence.

Nugent, Tex., May 1, 1916. To whom it may concern:—I want to say it has not been, nor is it my purpose not to return every book trusted me by the hospitable people of Preachersville or any other section.

It has been impossible for me to return them before now. Sickness and being forced to seek warmer climate, being raised in the south, has prevented me from making a delivery so that I could return the borrowed books. I have been doing my best to get the books returned before now. I am working night and day almost, with the same company I was with while in that section. I will return and deliver all books which I borrowed also all those which I have orders for, some time in May.

I certainly mean to do the right thing. I am very sorry I have delayed the people, who have been anxious to study the book, "Self Knowledge." Those to whom I have not written may rest assured that their books will be delivered either by me in person or by insured mail, as soon as possible.

Very truly,
O. N. COOK.

Best Thing for a Bilious Attack

On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets and the next day I felt like a new man." writes H. C. Bailey, Editor Carolina News, Chapin, S. C. LATEST WAR NEWS

"Future German-American relations probably can be looked forward to with less apprehension." The above reply to the result of the conference which has been held between American Ambassador Gerard and Emperor William at Great Headquarters and is made upon the authority of the Associated Press. All dispatches are censored. Ambassador Gerard is returning to Berlin and the German reply to the American note is expected without delay.

Two British war craft, the armed yacht Agassia and the mine sweeper Nasturtium, have been sent to the bottom in the Mediterranean by coming in contact with mines.

The repulse of German attacks by the French around Dead Man's Hill and counter attacks north of Cuamieres have again been followed by heavy German bombardment of these positions and a continuation of shelling northeast of the fortress.

The British troops and the Royal Irish constabulary have been brought about the surrender of all the rebel forces in Dublin, and the people of the Irish capital, for the first time in a week are able to move freely about the city unendangered by bullets of rebel snipers. In the country districts the island the rebels also are laying down arms, and quiet is said to prevail in most of the places where disorder previously had been reported to exist. A large number of the 1,000 prisoners taken in Dublin have been sent to England.

LATEST FROM MEXICO.

Information from Washington that Secretary Bak had given Gen. G. Gen. Funston to make it plain to Gen. Obregon that any agreement reached at their conference here must not be based on any plan for immediate withdrawal of American troops from Mexico, was received with gravity in Juarez Monday.

Gen. Obregon refused to comment, saying he would await developments at his next conference. Among other Mexican officials gloom was openly expressed. It was pointed out that Gen. Obregon had come to the border confident that he could persuade Gens. Scott and Funston that the expeditionary force should be withdrawn at once. Secretary Baker's instructions to the American conferees were regarded as completely blocking the hopes of the Mexican Minister of War.

New reports of a reliable nature were received today indicating that the American army is preparing for at least a temporary stay on Mexican soil. These said that the Sixth, Sixteenth and Seventeenth infantry regiments, which formerly were at Casas Grandes and Colonia Dublan, now are at Namiquipa, Gen. Pershing's base, and that the Twenty-Fourth is guarding the line of communication from Columbus.

The Thirtieth and Eleventh Regiments of cavalry and part of the Tenth and Seventh also were reported at Namiquipa with the Sixth on its way to that point. With this large force at his command and with the customary defense preparations made it was indicated that Gen. Pershing was ready for any eventuality.

Only a few scattered columns of the expeditionary force are reported south of Namiquipa. The great bulk of Gen. Pershing's men is now well within 200 miles of the border.

DOG CAUSE OF KILLING IN BOYLE

Parkville Young Men Quarrel Over Canine and One Is Shot and Instantly Killed

Passengers and trainmen on the morning trains from Louisville Monday morning told of seeing a man who had just been murdered, lying upon the station platform at Parkville, as the train came through that little city in the western section of Boyle county. The dead man was Polk Pendergraft, 21 year old, who was shot and almost instantly killed by Pack Montgomery, about the same age. The young men quarreled over a dog, according to reports. It is said that Pendergraft killed a dog belonging to Montgomery and this led to the tragedy. The boys met in front of W. G. Weathers' store and got into an argument and the shooting soon followed. It is claimed that Pendergraft made a movement as though he intended to draw a gun. At this juncture Montgomery is said to have whipped out his revolver and fired two shots. After being shot Pendergraft ran a short distance, falling in front of the residence of M. P. Wilson, where he expired in a few minutes. Montgomery announced that he would promptly surrender to the sheriff. The shooting created a sensation in the community, as the boys bore a good reputation. During the quarrel Porter Pendergraft, a brother of the dead boy, and Bartley Montgomery, brother of the slayer, became involved in a difficulty during which Pendergraft was hit on the head with an ax handle and painfully although not seriously wounded. The dead boy is a son of William Pendergraft and his slayer is a son of Constable William Montgomery.

COMBEST OUT UNDER \$1,000

Returns Willingly and Wants Chance To "Make Good"

Acting Deputy Sheriff M. S. Baughman returned from New Orleans late Friday with Les Combest, of Casey county, who is facing a charge of obtaining money under false pretenses, as a result of buying a motor car from Mr. Baughman, giving him a "cold check" and then selling the car. Two uncles of Combest, W. C. Cundiff and Henry Harmon, of Liberty, came here Saturday, made bond for Combest in the sum of \$1,000, and he returned home with them. Mr. Combest, who was apprehended by the New Orleans officials after a long hunt, came back willingly with Mr. Baughman. He is very penitent. He says that had he not been drinking he would never have committed the offense with which he is charged. He is very anxious to "make good" and will be given every opportunity by Mr. Baughman, who will not prosecute him at the coming term of court in the event the price of the automobile is returned to him. Mr. Combest believes that he can raise the money and says that he will make every effort to do so.

EVERETT STONE WEDS IN EAST

His many friends here were surprised to learn of the marriage of Everett M. Stone, of Washington, D. C., to Miss Mabel W. Davis, which took place at Baltimore, Md., April 22nd, the Rev. James A. Dudley officiating. Mr. Stone is the only son of Mr. and Mrs. Lee Stone, of Stanford, and is a splendid young man in every way. He holds a responsible and remunerative position at the government printing office at Washington. After the wedding, the bridal pair returned to the Emerson hotel and then took a wedding tour on the steamer Northumberland, on Chesapeake bay and up the Potomac out from Baltimore. They are now comfortably domiciled in apartments at 1334 12th street, N. W., Washington, D. C. Mr. Stone's host of friends here extended hearty congratulations and good wishes. His bride is said to be a very attractive and charming young woman.

"LITTLE BEN" MARTIN DEAD.

Ben Martin, a well known farmer on South Fork, who was known by his friends as "Little Ben," to distinguish him from another gentleman of the same name, died at his home south of Stanford Sunday evening, after a several days' illness of locked bowels. Mr. Martin was about 58 years of age, and is survived by his wife and six children, three sons and three daughters. He had been a member of the Christian church for many years and was respected and esteemed by all who knew him. Funeral services were conducted Tuesday.

DIDN'T NAME COMMISSION

A dispatch from Henderson Sunday said: With only two precincts missing indications are that the proposed \$400,000 bond issue was defeated Saturday by at least 10 to 1. The vote as received from the twenty-nine precincts gave 198 votes for the bond issue and 1,899 against it. This vote is no indication of the good roads sentiment in Henderson county. The mass meeting at which it was voted to ask for a bond issue election voted unanimously in favor of a bond issue. Later charges were made against the non-working system, then the good roads association and the Fiscal Court to appoint a commission to handle the funds should the issue be passed and when the Fiscal Court refused to appoint it, the Good Roads Association issued a public statement urging the people to vote down the bond issue. Friends of the good roads either stayed away from the polls or voted against the bond proposition.

LOCAL BOYS STILL UNBEATEN

Stanford High School Lads Win from Richmond Normal and Outclass Danville High Team.

The Stanford High School base ball team's string of victories remains unbroken. Since last Friday, two more triumphs have been chalked on the right side. Saturday afternoon the local nine went to Richmond and stacked up against the speedy bunch of ball tossers at the Eastern State Normal. The game went 10 innings but Stanford came through with the victory in the 10th by a score of 10 to 9. Bill Reinhart, the 15-year-old kid pitcher, the "find" of the season, started the game, but the strong Normals got to him for five runs in the second inning after which Capt. Embury dickered him and put Dozier on the firing line. The teachers found Dozier for four more tallies during the extended sessions, but Stanford cut the home team down to its size by hard batting and erratic fielding by their opponents and won it out in the tenth. Stanford made 5 hits to 9 for Richmond, and had six errors chalked up against them to 10 for the pedagogues. The score by innings was as follows:

Stanford 2 0 0 3 0 2 0 1—10
Normals 0 5 0 0 0 1 2 1 0—0

Burlesque Base Ball

Monday afternoon the Danville High School nine came over and were shown what a regular high school nine looks like, Stanford defeating the Boyle lads, 17 to 5. The five scores the visitors accumulated were practically gifts, at that. After the game had been safely placed on ice in the first few innings, all three of the regular outfielders and several infielders were led to the stadium and a bunch of youngsters from the eighth grade team were given a good workout. These boys didn't do much batting, with the exception of "Tub" Martin, but they exhibited a fine fielding game. Martin proved himself of big league calibre right off the reel, for he played a star game behind the bat the short time he officiated there and he almost knocked the cover off the ball the first time he came to bat. He slammed out a beautiful triple to left but was called out by a lynx-eyed umpire who said he cut a first base on his way around. "Bill" Reinhart was on the mound for Stanford and had the Boyle boys eating out of his hand all the way through. Davis, the Danville pitcher, was the only man of the team who could slam his delivery at all safely and the visitors were completely outclassed from start to finish. In the fourth inning, Stanford worked the famous "squeeze" play for four runs, one right after the other. The score:

MENEFEE DELEGATE-AT-LARGE

At the state convention of the Progressive party in Louisville Saturday John N. Menefee, Jr., of Stanford, was elected alternate delegate-at-large to the national convention at Chicago June 7. A woman attorney of Paducah was a delegate from the First congressional district. The delegates were all instructed to vote for the nomination of Theodore Roosevelt for president.

High School News

The baseball team from the grades are having a little "tuff luck" this season, having played three games and won only one. They were defeated first by Hustonville and then they were victorious over Danville. The last game was played at Lancaster which proved disastrous to them in a ten to nine contest. These games show much material and bright prospects are seen from several players. The battery for Stanford Saturday was Ballou twirler and Hill, backstop. Ballou showed much "stuff" but retired from the game in the seventh in order that their other pitcher, Dudderar might have a little practice.

Stith Noe sprained his ankle in the game Monday and it proved very painful. Although he is limping rather badly at the present it is hoped that he will soon be all right.

In the track meet held at Danville Friday, Stanford High School landed third place in a number of points. There were not many representatives from here but those who did take part showed much class. As usual the Embury brothers, Sam and Joe T., distinguished themselves while the other members of the team, Noe, Tucker and Perkins did remarkably well.

In the Richmond game John Cash, "the all star player" had the misfortune to get an ugly gash cut in his leg from one of the opponents' spikes. He gamely played on, however, until his team mates saw how badly he was hurt and made him retire from the game. A doctor was summoned and several stitches had to be taken.

Friday afternoon an exhibition was held in the sewing department and several patrons were out. After thoroughly inspecting some of the fine works of the girls they were very gracefully served with refreshments by the Freshman girls.

Prof. McHenry Rhoads, of Lexington, who is at the head of the Department of Secondary Education made the school a visit Monday and gave a very interesting talk during the chapel period.

STEARS WINS AT NICHOLASVILLE

Helm Turns Down Bob Hunter's Friend For Postoffice—Congressional Politics "Warming Up"

The following dispatch from Washington in Saturday's Louisville Post will be of interest here and in this section for Mr. Stears is one of the best known newspapermen in the state, and his appointment will prove a very popular one with the press boys:

"Representative Helm today recommended J. B. Stears, editor of the Jessamine County News and president of the State Newspaper Association, for postmaster at Nicholasville
